

Seasoned Greetings

Christmas is coming and the chickens are feeling nervous

To all our friends, best wishes for the festive season and the coming year from the Warddeken crew.

Image: This humorous observation of life and death on the frontier is one of hundreds of rock art images within the Warddeken Indigenous Protected Area depicting early contact. Our project 'Fragile First Impression's, supported by the Indigenous Heritage Program, is about finding, recording and protecting this important body of indigenous reportage. This image is from Djorrorlom clan country.
